CALL FOR PAPERS
AERE Summer Conference

Excellence in Academic Programming
Collegiality in Destinations Worth Visiting

The ninth annual AERE Summer Conference will be held Thursday, June 3 to Friday, June 4, 2021, online or at the Hyatt Regency Miami located in Miami, Florida. Please join us! We encourage participation from academic, public, and private sector environmental and resource economists as well as graduate students, in particular those entering the job market. The conference will begin with a welcome reception on Wednesday evening, and the academic program will follow on Thursday and Friday.

Abstract Submission

Abstracts will be accepted beginning **December 1, 2020,** through the AERE Summer Conference website (click here). The deadline for submissions is **January 15, 2021** (midnight Pacific standard time).

Proposals for complete sessions are also encouraged. Organizers of proposed sessions should submit complete information for each of the papers and indicate that the papers are part of an organized session. Papers submitted as part of a proposed session may be accepted or rejected on an individual basis unless the organizer specifically requests the session be considered only in its entirety.

Each submission requires an abstract of no more than 1,000 words (including references) that describes the paper. The submitter should plan to attend and present if his/her abstract is accepted. Each submitter may submit a maximum of two abstracts (though may be a co-author of papers to be presented by others), only one of which will be accepted. If two abstracts are submitted by the same individual, each abstract must include a ranking to indicate which paper the submitter prefers to present in the event that both are selected. We will follow a strict rule of one presentation per presenter.

All presenters must register for the conference by May 3, 2021, in order to be included in the final program.

Electronic acknowledgement of submissions will be sent to all submitters. We expect to notify authors by March 1, 2021. Accepted papers must not be published before the time of the conference.

AERE looks forward to welcoming you to the 2021 Summer Conference in June. Additional details about the conference will be posted soon on the conference website.

Questions should be directed to info@aere.org.
