

CALL FOR PAPERS

AERE Summer Conference

Excellence in Academic Programming *Collegiality in Destinations Worth Visiting*

The AERE 2022 Summer Conference will be held Thursday, June 2 to Friday, June 3, 2022, at the Hyatt Regency Miami located in Miami, Florida. The pre-conference workshop will be held on Wednesday, June 1, 2022. Please join us! We encourage participation from academic, public, and private sector environmental and resource economists as well as graduate students, especially those entering the job market. The conference will begin with a welcome reception on Wednesday evening, and the academic program will follow on Thursday and Friday.

Abstract Submission

Abstracts will be accepted beginning **Wednesday, December 1, 2021**, through the AERE Summer Conference website (click [here](#)). The deadline for submissions is **Saturday, January 15, 2022** (midnight Eastern Time).

Proposals for complete sessions are also encouraged. Additional guidelines for submissions may be found on the AERE Summer Conference website (click [here](#)). AERE Organizers of proposed sessions should submit complete information for each of the papers and indicate that the papers are part of an organized session. Papers submitted as part of a proposed session may be accepted or rejected on an individual basis unless the organizer specifically requests the session be considered only in its entirety.

Each submission requires an abstract of no more than 1,000 words (including references) that describes the paper. The submitter should plan to attend and present if his/her abstract is accepted. Each submitter may submit a maximum of two abstracts (though may be a co-author of papers to be presented by others), only one of which will be accepted. If two abstracts are submitted by the same individual, each abstract must include a ranking to indicate which paper the submitter prefers to present in the event that both are selected. We will follow a strict rule of one presentation per presenter.

All presenters must register for the Conference by Monday, May 2, 2022, in order to be included in the final program.

Electronic acknowledgement of submissions will be sent to all submitters. We expect to notify authors by Tuesday, March 15, 2022. Accepted papers must not be published before the time of the conference.

AERE looks forward to welcoming you to our 2022 Summer Conference in June. Additional details about the conference will be posted soon on the conference website.

Questions should be directed to info@aere.org.

We accept abstracts from any of the following topics:

Agent-Based Modeling	Economic History	Regulation – General
Agriculture	Ecosystems – Conservation	Regulation - Market Mechanisms
Air Pollution	Ecosystems - Species and Biodiversity	Risk and Uncertainty
Behavioral & Experimental Economics	Ecosystems - Valuing Services	Sustainable Development
Climate Change - Agriculture and Land Use	Finance	Taxation & Fiscal Policy
Climate Change – General	Growth and Environment	Technological Innovation
Climate Change – Policy	Health and Environment	Theory - Dynamic Models
Computational General Equilibrium	Housing Markets	Theory - Game Theory
Developing Countries	Industrial Organization	Theory – General
Discounting	Integrated Assessment Modeling	Trade
Distributional Effects & Environmental Justice	International Agreements	Transportation – General
Econometrics – Bayesian	Macroeconomics	Transportation - Cars, Gasoline, Fuel Efficiency
Econometrics – General	Natural Disasters and Extreme Events	Urban & Regional Economics
Econometrics - Non-Parametrics	Randomized Control Trials	Valuation - Revealed Preference
Econometrics - Structural Modeling	Recreation Modeling	Valuation - Stated Preference
Econometrics - Time Series	Resources – Forestry	Water Pollution
Energy – Efficiency	Resources – General	Waste Management - Hazardous Waste
Energy – Electricity	Resources - Marine Resources	Waste Management - Solid Waste and Recycling
Energy - Fossil Fuels	Resources – Minerals	
Energy – Renewables	Resources – Water
